

COMMUNITY DEVELOPMENT DEPARTMENT

100 Parkers Mill ε Oswego, IL. 60543 ε (630) 554-3622 ε Fax: (630) 551-7545
Website: http://www.oswegoil.org

Right-of-Way/Driveway
Culvert Permit

Homeowner Information

Table with 6 columns: Name, Address, Phone, E-mail, Lot #, Unit #

Builder / Contractor Information

Table with 4 columns: Company, Address, Field contact, Phone, E-mail

Note: The material for the culvert must be Metal or Concrete with the minimum diameter of 12" however, pending the project location, design and storm water flow characteristics within the Right-of-Way ditch the diameter of the culvert pipe may need to be increased to accommodate a 10-year rain event. A rain event in excess of this 10-year event will result in ponding and / or water flowing within the right-of-way. You should contact the Community Development Department to verify the proper diameter.

There is no fee for this permit, however you are required to schedule an inspection with the Community Development administrative assistant at 630-554-3622 for the Community Development Chief Infrastructure Inspector to inspect before the culvert is backfilled.
