4. PUBLIC HEARINGS

Rezoning to B-3 and Preliminary/Final PUD
3525 Route 34 – Former Oswego Police Facility
Applicant: Property Concepts Inc.
Project #1055.20
Project Manager: Rod Zenner

Motion: Commissioner Kuhn, second Commissioner Cirone to open the Public Hearing at 7:02 p.m.
Ayes: Commissioners Cirone, Guist, Kuhn, Novy, Pajor and Stine
Nays: None
Absent: None
Motion carried

Director Zenner stated the petitioner is requesting approval to redevelop the property located at 3525 Route 34 as a commercial space. Director Zenner stated the site was formally the Oswego Police Facility, but it has been vacant for some time with the opening of the new police facility on Woolley Road. Director Zenner stated the petitioner does not anticipate any major changes to the exterior of the site.
Director Zenner stated the property is currently zoned R-1 Single-Family Residential to allow for the previous use. Director Zenner stated to utilize the property for commercial use, the property would have to be rezoned to B-3 Community Service and Wholesale District. Director Zenner stated the B-3 District is the zoning designation for the existing commercial areas along the Village’s major arterial roads such as Route 34 and Orchard Road.

Director Zenner stated the property’s location will support commercial traffic in and out of the site. Director Zenner stated the north and east side of the property is adjacent to open space, the south side is across from Fox Bend Golf Course which provides a buffer, and the west side is adjacent to the Windcrest residential subdivision. Director Zenner stated the parking lot is also located on the west side of the property and the petitioner does not anticipate any changes to the existing layout of the site.

Director Zenner stated with the property’s proximity to the residential area, staff would recommend the following Permitted and Special Uses as allowed in the B-3 District to be prohibited for this site: automotive service, truck repair, service station, battery and tire service, silver plating, tavern, auto accessory store, motel, automobile laundry, garage, and open sales lots. Director Zenner stated the remaining uses in the B-3 District would not create a conflict with the surrounding properties.

Director Zenner reviewed a chart comparing the current 92 parking spots with parking requirements for various uses per the Village Code. Director Zenner stated the property is self-contained and will utilize a shared parking model, therefore, staff would support deviation to the parking requirement of up to 5% to allow flexibility in the required parking requirements. Director Zenner stated this will allow the property owners to work specifically with individual tenants to address the parking demands either through the hours of operation of the tenants or the specific parking demand of a specific tenant.

Director Zenner stated the petitioner has requested relief from the parking requirements for medical uses, which would require 117 spaces per Code compared to the 92 spaces provided. Director Zenner stated staff is open to allowing the medical use for the site as the medical operator would have control over the number of patients and doctors on the site at one time, allowing them to control the number of vehicles on site utilizing the parking. Director Zenner stated if parking becomes an issue, it is unlikely that patients would park in the neighboring residential subdivisions or across the street at the golf course as those locations are not convenient for the patrons.

Angelo Kleronomos was sworn in Oswego, IL

Mr. Kleronomos is the President of Property Concepts Inc. Mr. Kleronomos stated the building’s structure is well suited for office and/or medical office use and that most of the work to be done on the building is cosmetic.

Lynda Horton Denson was sworn in 530 Tewksbury Court Oswego, IL

Ms. Horton Denson stated several homeowners have their backyards facing the parking lot and asked if the developer would be open to planting evergreen trees to provide privacy. Ms. Horton Denson inquired about possible hours of operation. Director Zenner stated a business
could be open 24 hours a day in that location.

Jim Tudder was sworn in
540 Tewksbury Court
Oswego, IL

Mr. Tudder stated his home is located at the end of the parking lot and expressed concern about excessive speeding through the lot and reckless drivers. Mr. Tudder expressed concern about Chesterfield Park being utilized after dusk if the facility is open 24 hours a day.

No additional audience members wished to speak at the public hearing.

Motion: Commissioner Kuhn, second Commissioner Stine to close the Public Hearing at 7:12 p.m.
Ayes: Commissioners Cirone, Guist, Kuhn, Novy, Pajor and Stine
Nays: None
Absent: None
Motion carried

Commissioner Comments:

Discussion took place regarding the neighboring park and connected bike trail; additional buffering between the parking lot and residential area; useable space of the building; and parking requirements. Mr. Kleronomos stated the building will have security cameras and signage, and they could explore additional buffering between the parking lot and residential area if necessary.

Recommendation:

Motion: Commissioner Stine, second Commissioner Novy to accept the findings of fact and recommends approval of the rezoning of 3525 Route 34 from R-1 Single Family residential to B-3 Community Service and Wholesale District.
Ayes: Commissioners Cirone, Guist, Kuhn, Novy, Pajor and Stine
Nays: None
Absent: None
Motion carried

Recommendation:

Motion: Commissioner Kuhn, second Commissioner Cirone to accept the findings of fact and recommend approval of the final PUD to allow for the commercial use of the property subject to the following conditions:

- That the following uses be prohibited:
  - Automobile service
  - Automobiles and truck repair
  - Automotive service stations
